**March Mtg** - Ed DeMay Dust Collection and Wood Safety

**January 11- 13** - Florida Annual Wood Turning Symposium

**June 20 to 22** - AAW Symposium, Richmond Virginia

## From the Board

 by Ed DeMay

Welcome to the New Year and I hope that everyone had a safe and Happy transition into 2008. I hope everyone feels that the Christmas Party was a success and that a good time was had by all. If there are some negative comments please let me know and we will work on them for next year. Mike Hachey did a great job running the meeting and keeping things going along ...Thanks, Mike. There were some good buys and the silent auction went well. It appears that there were about 60 people present. Thanks to the Pieters Family Living Center for a good job.

Next months demo is by Jim

Duffy and Dale Osborne on the making of Kitchen Utensils. This is sure to be a good demo and both demonstrators have made numerous utensils of a variety of designs.

## Pictures for the Party by Ed DeMay

**From the Editor** - I will be out of town for the next meeting hopefully soaking up some sunshine in Florida and on a short cruise. This newsletter is obviously rather short on substance as there were too many things going on and just not enough time to accomplish everything. I do want to remind everyone of the up coming AAW Symposium in Richmond, Virginia this summer. Richmond is within comfortable driving time and well worth attending. Everything that you wanted to know about turning and were afraid to ask will be covered at the symposium. Each day has 1 and 1/2 hour demos all day long and the attendance varies given the demonstrator and many are repeated. Now as for the Trade Show there, you will not find a tool or publication that is associated with wood turning that is not there or represented. People that have experience using the tools are on hand to talk about it or in many cases demo the tool. Some will even allow you to actually use the tools. All in all I will admit that it is not cheap to attend but when you look at four solid days of being immersed in turning the learning experience is worthwhile.. I know that several people from both clubs are attending and carpooling to cut expenses is on the agenda. Next months newsletter will be better - Ed

The Finger Lakes Woodturners appreciates the support that the Woodcraft Store, Henrietta Plaza, 1100 Jefferson Road, Henrietta, New York 14623 has given us by allowing us to use their facilities. Thanks Sean.
